## SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, November 17th, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

Mrs. D. Canadas of Halfmoon Bay applied for State aid for her two half-orphan children.

Francis explained that one of the children, a boy, was almost blind and the family was in destitute circumstances. On his motion, seconded by Blackburn, it was recommended that the applicant receive \$6.25 monthly from the State for each of her children.

A petition signed by the MacRorie-McLaren Company and twenty-six other greenhouse and nursery men, asking that a county commissioner be appointed, whose duties it shall be to supervise the eradication of all insect pests and fungus diseases that are injurious to orchards, trees and plants, was read.

A. J. Cook, State Commissioner of Horticulture, addressed the board in support of the petition. He said that should the board conclude to appoint an inspector the State Board would hold an examination of the applicants and report to the board the most suitable person for the position.

On motion of MacBain, seconded by Casey, it was the sense of the board that an examination be held with a view to appointing an inspector.

Mary E. Bortis who resides on C street at Colma sent a communication to the board, complaining that on account of the fencing of the property of Joe Millet, her yard was flooded during the rainy season.

The communication was referred to Casey, to be reported on at the next meeting.

The Lomita Park Improvement Club sent a communication asking that a committee be appointed at Lomita Park to audit the bills of the lighting district with a view to keeping down expenses.

Consideration of the matter was continued two weeks.

The Beekins Shipping Company of San Francisco sent a communication complaining about the condition of the streets in South San Francisco during the rainy season, and stated that they would have to discontinue business on the peninsula until the roads were made travelable. The board could take no action and the communication was ordered filed.

J. N. O'Neill of Redwood City sent a written offer to develop a water supply on the county farm of 6000 gallons daily for a consideration of \$5000.

Mr. O'Neill addressed the board, stating that he expected to secure his supply by means of a tunnel and a well, the flow from both to be joined.

It was the sense of the board that a water supply from the lowland would not be suitable and it was suggested that O'Neill proceed with his examination of the hilly part of the farm and report to the board again at the December meeting.

The Modern Improvement Club of Farralton sent a communication asking why the installment of lights in the Montara district was being delayed.

R. F. Chilcott, who was delegated to prepare a map of the lighting district, stated that the work had taken more time than he anticipated and it would not be ready until the middle of this week.

The communication was laid over until December 1st.

The claim of E. J. Morser for \$502.15 for making a survey through the Folger place at Woodside for the new road, was presented by MacBain who stated that the survey was satisfactory to Folger.

The claim was referred to MacBain, who will confer with Folger and report on the matter at the December meeting.

H. A. Cavasa of South San Francisco gave notice of his withdrawal from the liquor bond of J. J. Welch at Millbrae and Welch was notified to secure a new bondsman.

The charges of conducting a disorderly saloon preferred against J. J. Welch by the District Attorney were taken up for hearing.

Welch made a plea for leniency, stating this was the first complaint that had been made against him and that he was not to blame as he was absent from the county at the time of the alleged offense and his business was in the hands of an employe.

The matter was laid over until the next meeting when the application will come up regularly for the board's action.

The applications for liquor licenses of Peter Testa and George Vincent of the First township were again laid over until December 1st.

The charges against Vincent of conducting a disorderly place, partially heard at the first meeting in November, were again continued until December 1st.

The present liquor ordinance was discussed and it was the sense of the board that it was in need of radical amendment. The matter will be given consideration later.

The hearing on the report of the viewers of the two proposed roads in the Third township, petitioned for by Edw. F. Fitzpatrick and others, was continued until December

1st.

District Attorney Swart presented a report of an election held at Burlingame October 14th, at which more than two-thirds of the citizens voted in favor of a bond issue of \$20,000 for school purposes.

The result of the election was confirmed on motion of MacBain, seconded by Casey and the clerk was directed to publish a notice offering the bonds for sale on December 1st.

J. A. Bean of Lomita Park addressed the board in support of the request of the Lomita Park Improvement Club that a committee of citizens be appointed to audit the claims against the lighting district at that place. He also asked that one additional light be installed.

Casey stated that according to the advice of the District Attorney, the board was not authorized to appoint a committee, but there could be no objection to the people taking voluntary action. Mr. Bean was also advised that an additional light would be installed providing the residents of Lomita Park petitioned for it as the law requires.

A resolution was adopted on motion of MacBain, seconded by Blackburn, declaring it to be the sense of the board that in future all maps or plats of subdivisions presented for acceptance be first submitted to the County Surveyor for his approval. Casey voted against the resolution.

The following citizens were appointed to assist in the campaign of exterminating the mosquitoes, for which purpose the board appropriated \$5000 at its last meeting:

First township—Dr. F. H. Smith of San Bruno.

Second township—W. M. Roberts of San Mateo.

Third township—A. G. C. Hahn of Menlo Park.

Fourth township—Dr. W. A. Brooke of Halfmoon Bay.

Supervisor Blackburn stated that he would make his appointment at the next meeting.

The matter of changing the route of the county road, to be constructed under the bond issue, through South San Francisco, was taken up. Addresses were made in favor of following Linden avenue across the marsh instead of taking the present route, by W. J. Martin and F. A. Cunningham, which change it was represented was acceptable to the residents of South San Francisco.

The new route will require a change in the railroad crossing, which matter District Attorney Swart advised would have to be submitted to the Railroad Commission by the city council of South San Francisco.

Casey moved that the proposed new route be accepted, provided that the railroad company will make the necessary fill on Linden avenue, that the Railroad Commission will sanction the change in the crossing and that the cost of building the road will not exceed the Surveyor's estimate for the building of the road over the old route.

The advisory committee approved the change under the conditions stated by Casey, and the motion was seconded by MacBain and carried.

Surveyor Neuman presented a communication from the Doan Realty Company making the follow-

ing offers of land for the right of way of the new county road in the First township:

First—They agree to deed to the county for the first section of road, a strip of land containing 1.89 acres for \$570; or if acceptable to the county they will exchange this land for the present right of way of the road.

Second—For the third section they will deed 2.15 acres to the county for \$422.

Third—They offer to deed to the county for the fourth section free of charge .009 acre.

It is further specified that the county is to erect all fences without charge to the company.

The offer was accepted on motion of MacBain, seconded by Blackburn.

MacBain reported that the contractors who are to construct the bridge across the San Francisco creek on the Middlefield road asked to have their time of commencing work extended to next spring. The request was acceptable to the board.

The Surveyor reported three culverts in the Second district that are in need of rebuilding.

On motion of MacBain, seconded by Francis, he was directed to prepare the necessary plans and specifications for the work.

The Surveyor asked that he be authorized to construct an overhead crossing at Thornton station in the First township, the Ocean Shore railroad to furnish and deliver on the ground the necessary heavy lumber in accordance with its offer made at the last meeting.

On motion of Casey, seconded by MacBain, the offer of the railroad company was accepted and the surveyor was directed to prepare an estimate of the cost of the work for the board's consideration at the next meeting.

On motion of MacBain, seconded by Casey, it was ordered that contractors who desire to bid on roadwork, be required to deposit \$5 for copies of plans and specifications, the money to be refunded on the return of the plans.

On motion of Francis, seconded by Blackburn, the board's former action was rescinded and the superintendent of the county farm was instructed to farm twenty-five acres of the property instead of six acres, and to dispose of the unused school property.

Treasurer Chamberlain was authorized to have a telephone installed in his office, on motion of Francis, seconded by Casey.

Adjourned to Tuesday, November 25th.

# NEWS GATHERED FROM THE COUNTY

## Interesting Notes Picked Up By Hustling Reporters in the Country Districts.

### SAN BRUNO NOTES.

Dave Leslie has moved from the old "Call Building," Huntington Park, into his newly constructed home.

Tom Lyman's house shows up well under the skilful guidance of the artists who have it in charge. The interior will be as handsome as the exterior. The combination will make a beautiful home.

Hunting on the marsh is good. The storm has driven thousands of ducks from the rivers to the bay region. Our local hunters are doing a thriving business.

Last call for the Woodman dance. Remember, a grand entertainment and dance next Wednesday night, Thanksgiving eve. All for 25 cents.

Last Thursday afternoon at 2 o'clock the burning of a house on Huntington Park Heights attracted the attention of the people, as well as the fire department which responded promptly and with the few members who were in town did excellent work. The house was occupied by J. Cook and owned by the promoters of the park. Mr. Cook lost all his furniture. The losses are covered by insurance. Capt. Magnusson, chief of the department, assisted by the few "laddies," are entitled to praise for extinguishing the flames in a nearby house, which caught from the burning building. A good pressure of water was on hand, but their good efforts were hindered by lack of sufficient hose to reach the fire.

The Affiliated Clubs met Wednesday night. A large number of citizens, particularly from the north end, were present. They were solicitous as regards any routing of the road other than San Mateo avenue. Reports were rife during the previous week that changes detrimental to their interests were contemplated. They all felt better after hearing the data presented at the meeting, for the supervisors are determined that the road will extend through San Bruno to the corporate limits of South San Francisco according to the original intentions as advertised in the bond issue. The advisory board and surveyor recommend the continuation of the road with an overhead crossing and figure that the work can be done for \$10,000 less than the contemplated change over Linden avenue and the marsh. Of course W. J. Martin is fighting hard to have the road pass in front of his \$50,000 hotel.

Rumor, which seems to be pretty well confirmed, is circulating in the social circles of the north end of the county, that a double engagement of more than usual interest is soon to be announced. The rumor affects the two handsome and engaging daughters of Supervisor Jas. T. Casey. According to the report, Miss Elsie, the eldest of the two daughters, is preparing to make formal announcement of her engagement to Frank Barrett, a prominent contractor of San Francisco. At the same time Miss Margaret, who is also a strong social favorite of this section, will make known her engagement to Robert Savage, a well-to-do farmer of Halfmoon Bay and brother of William J. Savage, principal of the Colma-Vista Grande schools.

Claude Brown and family have moved into the Bacon bungalow.

A "turkey whist party" will be given by the San Bruno Yeomen at Green's hall on the evening of November 25th. Several fine turkeys will take the place of the usual game prizes.

Mrs. H. Laumeister, who has been visiting in San Jose, has returned to her home here.

### LOMITA PARK NOTES

Miss Anabel Drady, the young daughter of Mr. and Mrs. Frank S. Drady of Lomita Park, entertained many of her young friends last Monday afternoon in honor of her ninth birthday. Games dear to the hearts of the little ones were indulged in, after which a delightful repast was served. Miss Drady was the recipient of numerous beautiful gifts. Those present included the Misses Marian Drady, Frances Parlet, Muriel Ryals, Camilla Connolly, Genevieve Hovey, Catherine Hovey, Frances English, Helen Johnson, Abbie Hornum, Gladys Lee, Mary Lee, Grace Cove, Anita Ebbecke and Anabel Drady, and Masters Edward Hovey, Douglas Threlwell, Teddy Connolly, Russell Griffin, Lazar Johnson, Willie Wilkins.

The Lomita Park Hall Association will give a masquerade ball at the school house on Saturday evening, November 23d.

### DAILY CITY NOTES.

The engagement of Miss Olive Davidson, Stanford '12, and Emil Cereghino of San Francisco was announced Saturday. Miss Davidson's home is in Colma.

### SAN MATEO AND BURLINGAME.

Burlingame is now practically without an organized fire department. At the last meeting of the city council resignations were submitted by all of the officers of the department and these were accepted. While no explanations were offered for the resignations, it is understood that the firemen were generally dissatisfied with the lack of appreciation shown for their efforts.

A largely attended meeting of Charles Frederick Crocker Chapter, Royal Arch Masons, was held last Monday evening in the Masonic temple at San Mateo, the special occasion being an official visit from Grand High Priest W. Lyman, Deputy Grand High Priest Thomas O. Heydenfeldt and Grand Lecturer Henry Aseroff. Among the visitors

Mr. Peterson resided in this locality off and on for the past forty years. He was a gardener at the B. Barney place for years ago when it was owned by the late Geo. Sneath. The deceased was born in Valparaiso, Chile, but came to Fair Oaks when a child, spending her girlhood at the Atherton domain. She was the oldest of the four pretty daughters of Mr. and Mrs. Faxon. Dean Atherton. In her younger years she was accounted the prettiest woman in California and was known far and wide for her beauty. The wedding of herself and Major Rathbone, in the very early seventies, was a brilliant event. It is still recalled by the old timers. Special trains brought the guests from San Francisco to the old Atherton home which was noted in early days for its hospitality and the brilliancy of its entertainments. The ceremony was performed in the evening by the late Archbishop Alimany and notwithstanding that the night was one

# STREET WORK CONTRACTORS CRITICISED

## Attention of City Council Called to Alleged Defects in Work of J. R. Ott Company on Heller Street

That a majority of the owners of property on the County road are fully alive to the advantage of co-operating with the county in the improvement of that thoroughfare so that the permanent improvement now under way may be carried to the full width of the street was made evident at the meeting of the city council last Monday evening by statements submitted by R. F. Chilcott, who as an interested property owner had been at considerable pains to secure a general expression of sentiment. In bringing the matter to the attention of the council, Mr. Chilcott stated that he had already secured assurance of co-operation from the owners of a majority of the frontage. He also had secured the official assurance of the readiness of the board of supervisors to lend every assistance in its power to a mutual arrangement with the contractors. As an evidence of this he presented a resolution adopted by the supervisors which would permit the contractors to give the owners of abutting property the benefit of the cost to the county of the macadam should the work for the county work provided that it was replaced with the permanent pavement. Working under this agreement it was assured that the extension of the pavement could be made by the contractors for the county work at a materially reduced cost. In order that there might be a definite understanding Mr. Chilcott urged the trustees to take such action as would definitely inform owners of property as to the attitude of the council. After a full discussion of the question by the trustees, all of whom were present at the meeting, a resolution was adopted declaring it to be the intention of the council in the immediate future to take such proceedings as would compel the permanent improvement of the unpaved portions of the street at the cost of the owners of abutting property. At the

of the stormiest in the history of California, a large number witnessed the impressive ceremony. After the honeymoon Mr. and Mrs. Rathbone returned here and occupied the residence now owned by Mrs. T. F. Payne, for a great many years and up until the time Mr. Rathbone was appointed Consul General to France by President Cleveland. Mrs. Rathbone possessed a lovely disposition, charming in manner. Since the death of her husband many years ago she has lived in retirement. There were no children born to the couple. The deceased was a sister of Mrs. E. L. Eyre and Faxon D. Atherton of San Francisco, the late Frank Atherton, the late Mrs. Edwards and the late Mrs. P. W. Selby.

The last rites over the remains of William O'Brien Macdonough, the turfman and capitalist, were held in a vault at a quarter past ten o'clock. The ceremony at the church was marked with extreme simplicity. The mass was celebrated by Father Hannigan. The priests who sat in the sanctuary were Father Lacombe, Father Vultbert, Father Connolly, Father Ayrinhac and Father Arbez. A special train was in waiting at the depot and after the mass the body was placed on it and taken to Holy Cross cemetery where the remains were placed in a vault. The deceased passed away at the Peninsula hospital, Palo Alto, after an illness of only a short duration. The cause of death was apoplexy. The body of the deceased in the chapel of the J. A. Donohoe residence since then, awaiting the arrival of Mrs. Agar and Joseph Macdonough, sister and brother of the deceased, from the east. The pallbearers were: Joseph A. Donohoe, Fred Reis, Frederick Kohn, A. S. Baldwin, L. Misner, James McDonnell.

Editor Times-Gazette:—The glorious rainfall has been greatly appreciated, even by the Menlo Park patrons of the Southern Pacific, notwithstanding they are compelled thereby to wade or drive through the expanse of mud and water that surrounds the stations, both passenger and freight. As a comparatively new resident, I am probably rushing into the mud where the older residents do not fear to tread. I have been informed that at some period in the remote past, when conditions were as bad as they are today, the Southern Pacific was about to begin work to remedy the objectionable conditions then existing, when to their surprise they were met with opposition, fostered by an influential resident. That the company had not the courage of their convictions at that time is still very much in evidence during the winter months. It is the conviction of the writer and I believe of every resident of this community, varied as the human species in this vicinity, a later generation will have acquired a peculiar, hesitating hop, due to the efforts of their ancestors to patronize the Southern Pacific dry shod. Yours for action, COMMUTER.

The regular monthly reports of the city officers and employees were read by Clerk Plump and after consideration were ordered placed on file.

The report of Marshal Coleman showed that the receipts of the city for the month amounted to a total of \$9,270.33, derived from the following sources:

Water collections	\$128.55
Water connections	60.00
Plumber's fees	21.00
Miscellaneous licenses	31.50
Rent of city light poles	136.25
Taxes	4645.75

Street Improvement Dist. 14	592.48

The report of Treasurer Towne shows that after an expenditure of \$939.62 for extensions and maintenance, the municipal water system still has a balance of \$1949.60 to its credit. In the general fund there is a credit balance of \$1607.98.

City Recorder Mansfield reported that he had disposed of 13 cases and collected a total of \$43 in fines.

The map of the redivision of Eagle Hill Villa Tract No. 2, which had been presented at the last meeting was approved after some explanations from H. C. Tuchsien, the local agent of the owners of the property.

The application of Alex. Nelson for a transfer to himself of the license for the saloon in the Offerman block at the corner of Main and Phelps streets was granted upon the favorable report of Trustee Sampson, chairman of the committee on public morals.

C. M. Uhlenger, a property owner, made verbal objection to the acceptance of the work of improvement of Heller street under the contract of the John R. Ott Company. Mr. Uhlenger insisted that the work had not been completed in accordance with the specifications and that the surface of the street was far from satisfactory. It was also claimed that in some instances the rock used was not of the character specified in the contract. Chairman Merrill informed Mr. Uhlenger that no action of acceptance had been taken by the council, the work at this stage being entirely under the direction of the street superintendent. Street Superintendent Dickey then stated that the work had not been accepted by him and that it would not be until fully completed with the requirements of the specifications and that specimens of the rock complained of had been submitted to experts for testing.

It was ordered that additional street lights be placed upon Webster street in the vicinity of the grounds of the grammar and high schools, the locations to be determined by the principals of the schools.

A resolution was passed declaring it to be the intention of the council to order the resurfacing of Beech street for its entire length. Following an announcement that an offer had been made to do the work by private contract at a comparatively small cost, formal action was delayed in order to give owners of property affected an opportunity to take advantage of the offer.

Street Superintendent Dickey was given authority to construct a reinforced concrete culvert on Franklin street at Monroe upon his estimate that the work could be done for a cost of about \$300.

City Attorney Mansfield called attention to the fact that next Monday had been declared a legal holiday, and that thus the time for the payment of city taxes had been automatically extended until Tuesday. With this announcement Trustee Deleau suggested that some provision should be made for the accommodation of those who found it difficult to get to the office of the tax collector during the day time. After a discussion as to the most convenient hours, it was ordered that the office of the tax collector be kept open on Saturday all day instead of being closed at noon and that the office be kept open on Monday and Tuesday all day and until 9 o'clock in the evening.

The street superintendent was given authority to make temporary improvements on Arguello and Roger streets, sufficient to fit them for winter travel, with the understanding that more permanent improvements are to be ordered in the spring.

After following claims against the city an adjournment was taken until the next regular meeting.

Never in the history of Redwood City has there been so many mud-rooms brought to town as there were this week. The warm rains have caused a great growth of the fungus on the foothills near town.

Prices reduced in all lines for the closing of the big alteration sale at Marcus' Department Store.

There was a big flight of canvas-back ducks from the north to the local marshes during the week, affording hunters good sport. Many big bags have been brought to town.

There is an air of secrecy prevailing the sacred precincts of the courthouse these days, which has aroused the suspicion of the curious. A little bird tells us that the wedding of two prominent court house officials will soon take place and that one office at least will lose a very valuable assistant.

The annual bazaar and entertainment of St. Mary's Guild will be held at the Odd Fellows' hall on the afternoon and evening of Saturday, December 6th. A large assortment of fancy articles will be on sale during the afternoon and a fine musical program will be given in the evening.

Mrs. Mary Eleanor McLea, daughter of Mr. and Mrs. B. A. Chew, died at her home in Alviso last Monday. She was well-known in Redwood City, having spent a portion of her girlhood here. The remains were interred in Lone Tree cemetery, Haywards, on Thursday.

The annual banquet of Redwood Parlor, N. S. G. W., took place at the Foresters' new hall Thursday evening. About seventy-five native sons from all the peninsula towns were seated at the festive board. A. S. Liguori was toastmaster and many witty speeches were delivered. H. W. Schaberg gave a splendid address on the old history of the parlor that was very interesting. The other speakers were Fred Lippman, W. J. Plump, J. H. Nash, John Kelly, Geo. Bogle, Judge Lampkin, John Coats and D. R. Stafford and Will Berg.

That Manager Nathorst is sparing no effort to justify the popular esteem in which the Bell theatre is held by the people of Redwood City and vicinity is manifested in the splendid programs which are being offered nightly. An special instance of this was shown last night when his audience was treated to a special picture of wild animal life prepared by one of the most noted manufacturers of this class of films. Although this film was an unusually expensive one, no extra charge was made in the price of admission. For the coming week several special productions have been arranged for, all of which will be shown at popular prices.

We are having a special sale of ladies' shoes in small sizes. Call and see us. Einstein.
